

### LAVASKIN SHORTY

The Lavaskin Women's Shorty offers a hybrid design using exclusive Polytherm Tri-Laminate material in the body's core area for warmth providing climate control and is also windproof. The lower extremity and shoulders mix our new Lavaskin outer fleece inner fabric for ease of movement and UV protection.

### LAVASKIN LONG SLEEVE + SHORT SLEEVE TOP

Spend a lot of time in the water? Lavacore's Lavaskin tops provide UPF 50+, abrasion protection, a super comfortable fit and they look great too. A new series of an intermediate garments below the Lavacore Polytherm level of performance, but more warmth than a traditional Lycra Rash Guard.

### SUP JACKET

Designed specifically for SUP paddlers. The SUP jacket incorporates a front zip keeping it simple to don and doff. Get great splash protection without getting sunburnt or overheated.

### LAVASKIN BOARD SHORTS

These cute and comfy board shorts are ideal for the beach, pool, or lake. The perfect pairing with a SUP Jacket or our Lavaskin Long Sleeve and Short Sleeve Tops.

## FRONT ZIP FULL SUIT

Wear as a stand-alone full body exposure suit in warmer waters or as an under suit to a standard neoprene wetsuit for added warmth in the cooler months.

## HOODED VEST

Specifically designed to add an additional warming layer on the torso, head protection and increased comfort when worn under a traditional neoprene wetsuit.

## LONG SLEEVE TOP

The perfect multi-sport thermal garment when superior protection against wind chill and surface splash is required.

## SHORT SLEEVE TOP

An all-round multi-sport thermal garment offering protection against wind chill and surface splash coupled with the ultimate flexibility of movement required in more extreme water sports.

## VEST

However you want to wear it - under a wetsuit, under Lavacore full suit, stand alone or paired with Lavacore shorts - this extremely versatile vest covers your core organs from the elements - at an affordable price.

## PANTS + SHORTS

Worn alone or as an under garment where comfort and warmth are essential to the lower body. Couple with the Lavacore upper body garments for a true multi-purpose thermal protection system. Excellent for water sports such as kayaking, jetskiing and swim training where lower body comfort and flexibility are essential.

## LAVACORE HOOD

Designed for protection against wind and thermal loss in warmer water or equally as effective worn under a dive hood for extra warmth.

## BACK ZIP FULL SUIT

The Back Zip Full Jumpsuit provides full body exposure protection with the ease of a back zipper entry. Wear as a stand-alone full body exposure suit in warmer waters or layer under a standard neoprene wetsuit in the cooler months.

## FIVE FINGER GLOVES

A great warm water glove protects you from unwanted scrapes and cuts above and below the water. This is the perfect choice for those icy mornings fishing, waterskiing or paddling.

## BOOTIES

These super comfortable watersport booties will keep your feet warm, comfortable and protected. Designed with our slip-resistant and durable ToughSole material.
