TYPHOON®

OVER **70** YEARS
OF
TECHNICAL EXCELLENCE

Typhoon International have been innovators in providing personal protection from the elements since 1947 with a reputation for providing exceptionally high quality marine products. Typhoon continues to innovate developing the latest in fabrics, design and components to maintain its range at the forefront of the marine industry.

Typhoon's leading range of products have been supplied to leading organisations who work in or near water both within the UK and Worldwide including defence, water and environmental

organisations, coastguards, fire brigades, police services, wind farms, local authorities and search & rescue organisations.

In addition to maintaining appropriate approvals, all the products are continuously checked throughout the production process, including appropriate performance tests before they leave the factory. Typhoon continually strive to bring you the most technically advanced products, and for this reason some products featured in this brochure may change in specification as designs evolve.

BESPOKE CAPABILITIES

By utilising Typhoon's unique experience and capacity, they can offer a wide range of off the shelf and bespoke products unique to your particular requirements and end use.

Typhoon also has the capabilities to offer rapid prototyping, and the creation of samples within a short period of time, alongside the facilitation of alterations including:

- Different fabric options and colourways
- Logo personalisation
- Pocket placement
- Latex or neoprene seals
- Relief zips
- Reinforced areas
- YKK® Aquaseal or BDM® zip
- Latex, fabric or neoprene socks
- Fixed thermic and rock boots
- Self-donning entry options
- Made to Measure sizes
- Various hood options
- Inflation & deflation valves

WORK BOAT SUIT

A two piece jacket and trouser set, designed for everyday use by crew members of work boats, pilot vessels and dock side workers to keep them warm and dry from the elements in normal operation, but with the added benefit to reduce the effects of cold water shock should the user fall into the water.

A fully breathable, hi-visibility, water and wind proof suit, fitted with a removable high collar hood, YKK Aquaguard® Zip, glideskin neoprene neck collar and cuff seals, which keeps water from entering the suit at the body, neck and cuffs. The trousers are fitted with elasticated storm ankle straps and knee straps, to reduce water intake into the trouser legs and reduce flushing of water through the suit. Own company logos can be added to suits upon request.

FABRIC:

- Breathable nylon tri-laminate with microporous coating

FEATURES

TOP:

- Waterproof and breathable
- Glideskin neck & cuff seals
- Adjustable cuff covers
- Reflective tape
- Zip off fleece lined collar with stowaway hi-viz hood
- Articulated for ease of movement

LIFEJACKETS TAILORED TO YOUR REQUIREMENT

As part of our continued commitment to safety, Typhoon's expertise extends to a large range of life jackets which cover the broad and varied requirements found within the marine, military & emergency services markets. Design, developed and manufactured within our own, UK

facility, we are able to tailor our designs to meet individual parameters. We are also able to work with our electronic supply partnerships to ensure that the most up to date emergency location beacons can be incorporated into lifejackets.

CHALLENGER WORKSAFE PRO LIFEJACKETS

The Worksafe Pro has been adapted to a lifejacket designed for the emergency services. Buoyant to 300 Newtons, it has a super-fast turnover speed and maximum freeboard capability, thus keeping the airways high

above the water line reducing the possibility of secondary drowning. A removable crotch strap minimises ride-up, further improving in-water performance.

FEATURES

- 300N Buoyancy
- Halkey Roberts automatic firing head
- Approval ISO 12402
- Lifting strop
- Whistle
- Plastic quick release buckle waist fastening
- Retro emergency services reflective check pattern on front cover
- Fixed crotch strap
- Radio Strap x2
- Quick burst zip closure
- High-Visibility wipe clean PVC cover fabric body, with contrast nylon neck
- Single chamber bladder
- 60g gas cylinder
- Comes in a mesh carry bag
- CE approved

OPTIONS

- Relevant emergency service colour ways: fire, police, ambulance
- 'AMBULANCE', 'FIRE' & 'POLICE' lettering available
- Different firing head options available:
 - Auto or manual / United Moulders or Hammar available
- Spray hood
- AQ40 LED light
- PLB/AIS device
- Radio dock

CHALLENGER INTERLOCK 275 SERIES III OFFSHORE

The SOLAS approved Challenger Interlock 275 Non Harness is specially designed for the Oil and Gas market constructed using a highly durable nylon cover fabric making it ideal for professionals working in the highly abrasive oil and gas environments.

This incredibly lightweight and comfortable to wear lifejacket design gives excellent neck and head support which is particularly vital for an unconscious wearer. With 300 Newtons of buoyancy it is designed to be worn when the user is wearing heavy duty clothing or with an abandonment suit, where it guarantees to self right the wearer in less than five seconds.

The patented interlocking lobe design also creates an effective wave barrier preventing water channelling into the airways.

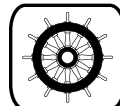

FEATURES

- 300N Twin Chamber
- Interlocking bladder
- SOLAS 2010 Approval
- Easy don plastic buckle
- Spray hood fitted
- Lifejacket light fitted
- Single crotch strap
